NO. 8605—33RD YEAR. COLORADO SPRINGS, COLO., FRIDAY, SEPTEMBER 16, 1904 PRICE FIVE CENTS

HALIFAX IS ALMOST WIPED OUT BY FIRE

Nova Scotia City Saved Only by the Dynamiting of a Dozen Buildings by the Soldiers and Sailors.

Halifax N. S., Sept 15.—A fortunate shift of wind saved Halifax from destruction by fire today. Nevertheless the city suffered a loss of half a million dollars in the business section of the water front and the progress of the flames was only stayed by the dynamiting of a dozen buildings by the sailors from the fleet and soldiers from the garrison.

Until 3 and 4 o'clock this afternoon, when the fire was at its height and a fearful southerly gale was pushing it straight toward the heart of the business center, consternation reigned throughout the entire city. Shortly after 4 o'clock, however the wind suddenly shifted to the west and turned the flames along the wharves and warehouses.

The burned district, which covered about two acres was one of wooden buildings three and four stories high, many of them built years ago, when Halifax merchants dealt heavily in rum.

Crowds of people who had rushed down Sceitz, wharf found themselves hemmed in with the fire on one side and the harbor on the other, and all had to be taken off by the sailors from the fleet and soldiers from the garrison.

At half past 3 it looked as if nothing could stay the progress of the flames from the main business section of the city and into the residential section beyond. Every effort of the firemen to stay the flames was futile.

Then came a providential shift of wind. By this time the government officials had assumed full charge of the situation, for not far ahead was the big explosive yards with [illegible] a powder magazine in the [illegible] of the fire and began blowing up buildings. For an hour the city was shook with the terrific explosions. More than a dozen buildings were leveled and at 7 o'clock the fire had reached the cleared space, where it stopped.

The burned area embraces two coal piers, two hotels, a dozen warehouses and a number of retail stores.

During the fire a large tree fell, killing Laura King, aged 25 years, and injured several others.

Admiral Sir Archibald Douglas personally directed the sailors in protecting imperial property and 200 marines patrolled the street.

MR. BRYAN IN DENVER

Campaign Speech a Characteristic Perversion of Facts to Array Class Against Class.

Denver, Sept. 15.—William J. Bryan opened the Democratic campaign in Colorado with a speech at Coliseum hall tonight. By far the largest crowd assembled thus far during the campaign turned out to hear Mr. Bryan who Nebraskan and many hundreds were unable to get inside the hall, which was densely packed.

Mr Bryan accompanied by Mrs Bryan and her two children, arrived in this city from the south and became the guests of Charles S. Hughes, Jr. A reception this afternoon and a dinner tonight, attended by persons of the Democratic party were the features of [illegible] entertainment.

In his speech tonight Mr Bryan dwelt upon what he charged was the record of the Republican party in the past and while this was due in a measure to the policy of imperialism supported by the party, he said it was also influenced by their demand for an increase in the [illegible] and as a basis it was pointed to the [illegible] Democratic party [illegible] to [illegible] the demands of capital as against labor.

Referring to the acceptance of Governor Black in a speech at the Republican national convention before nominating Theodore Roosevelt for the presidency, Mr Bryan said that the doctrine of Roosevelt's Republicanism was [illegible] he wished to be great in moral force and not in physical force.

"You ask me, a believer in free silver, how I can bring myself to support a man who favors the gold standard. I say that I love peace and the sound of peace infinitely more than I love either money or silver," said the speaker.

Mr Bryan assumed his belief that if Mr Parker was elected to the presidency peace would reign in the United States and for the next four years. Although we have had great soldiers in the presidential chair he said, no one ever occupying that office who loved peace more than the present incumbent.

Dealing with the position assuming to take from the platform of the Democratic platform of 1896 for abolition of government by injunction. The injunction took [illegible] of trust or [illegible] ing proceedings is declared a prevention of any legislation and the [illegible] of labor is the [illegible] Mr Bryan was also certain that the [illegible] would be [illegible] by voters and [illegible] Kansas.

A statement of [illegible] and [illegible] suggested, he [illegible] Democrats got representation. Taking [illegible] of issues Mr Bryan said that Roosevelt had done more to agitate the race question than any president since Lincoln. He assured his hearers that the race question was an important and troublesome one in the south.

Lynchings was discussed along [illegible] Mr Bryan said that the [illegible] and occupation occurrences in this state had commanded the attention of the whole country and that he felt [illegible] with interest the results of the vote in Colorado.

SOAP WEED TO BE UTILIZED

Colorado City Chemist Is Making Experiments.

SEES GREAT POSSIBILITIES

PLANT THAT GROWS WILD IN ROCKY MOUNTAIN LAND TO BE A NATURAL SOAP — EXPERT ENTERPRISE SUGGESTED.

An ingenious chemist of Colorado City is trying a scheme, if successful, to produce a natural [illegible] from a well known mountain shrub — the soap plant.

The experiments [illegible] are daily [illegible] of the plant [illegible] ting it to a fine pulp, but are not yet aware of its actual [illegible] The surface of the saponin [illegible] has not yet been fully demonstrated but it [illegible] expectations are [illegible] a factory might soon be established which could turn out large supplies of natural soap, as this plant grows [illegible] all over the Rockies.

The idea to saponify a vegetable substance probably arose from the fact that in Algeria a manufacturing establishment [illegible] which has long been known in Japan, China and India, bears a fruit By using water or alcohol the saponaceous ingredient of the fruit is extracted. The cost of production is said to be small and the soap on account of possessing no alkaline qualities, is claimed to be superior to the ordinary soap of [illegible]

IS MOFFAT ELIGIBLE?

QUESTION ARISES AS TO ONE OF THE REPUBLICAN NOMINEES FOR PRESIDENTIAL ELECTOR.

Denver, Sept. 15.—David H. Moffat, president of the First National bank, is [illegible] as a candidate for presidential elector on the Republican ticket. As a director of a national bank he is said to be ineligible to be a member of the electoral college. The point came up in the state [illegible] years ago and the regional bank director was nominated without [illegible] the ticket.

Investigation [illegible] is being made as to the status of P. F. Stewart of Colorado Springs, who is connected with one of the banks of that city and is a director of a trust company closely associated with it.

The Ladies Aid society of the Congregational church served a supper last evening, and a profusion of delicacies covered the center of the tables. A large number of guests were present and pronounced the repast most excellent.

COLORADO CITY NEWS NOTES.

Mr. and Mrs. Robert Myles are contemplating a trip to the Old World's fair, and a visit to relatives in southern Illinois.

The following citizens have returned from the Republican convention at Denver: P. F. Schrock, C. C. Dorsey, J. F. Mercer, W. D. Scroggs, Cornelius Scott, J. F. Jackson, Albert Allen, Arthur Bell, C. M. Sherman and John S. Watt.

Chamberlain, the plumber, began work on W. B. Edwards' new house, Shooks Run-Colorado avenue.

C. E. Campbell, a cigar man, has cut a cord of wood in Manitou.

G. W. Tiger is visiting relatives and friends at Rockford and Cedar Rapids, and will return about next week.

Dr. and Mrs. Blaine of Denver, Mr. and Mrs. A. E. Stewart and daughter Miss Alice of Pueblo, Lord and Lady Buckmaster and family of Pueblo are guests of C. W. Wallbrunn and family.

Mr. and Mrs. Dave Lynch are selling out their household goods and will leave for California in a few days.

Mrs. Powell will leave tomorrow for the World's fair at St. Louis.

F. H. Vonk leaves tomorrow for a month's visit to Wilson Springs, Mo.

Ed. Lewis and wife are contemplating a visit to the St. Louis World's fair.

Frank Stewart will go over beginning the latter part of the week near Newell, Colo.

Mrs. Frank Dibble will return to Colorado City the latter part of the week.

Mrs. C. H. Carney and family leave today to join her husband who is permanently located in Custer, Colo.

William Little has gone to Pueblo.

Mrs. E. D. Burns and daughter of Oklahoma are guests at the Dirr home, 713 Washington.

Mrs. S. H. Weber has gone to Texas on county, Kan., to visit friends.

Mr. and Mrs. Roland Kresky left last night for Minneapolis, Kan.

The dance session opened yesterday.

Mrs. Booth is ill at the home.

H. E. Willson has moved to Colorado Springs.

H. S. Curtis and wife left yesterday on an extended trip to St. Louis, and on their return trip they will visit Ames and home in Oskaloosa, Ia.

J. W. Gilbert, a Kansas visitor, has returned home. Kansas visiting and friends.

The Democratic rival in the city hall next Saturday night is expected to be rapture of the noise and the occasion.

BELIEVE HE WAS DROWNED

Sheriff and Coroner Cling to Original Theory.

IN CASE OF N. J. KVALE

DEVELOPMENTS OF SATURDAY HAVE CONVINCED AUTHORITIES THAT MAN WAS MURDERED AND THEN DROWNED.

Sheriff Grimes and Coroner Law have decided there was nothing mysterious about the death of N. J. Kvale, the aged pioneer of Colorado City, whose body was found in an irrigating ditch north of the city Thursday.

It was learned yesterday that following the finding of the Pike Peak railroad switch, Kvale had started west to Colorado City and stopped at a ranch house above Roswell to ask if this was not a shorter cut. He was told that there was, but it would not be safe for him to attempt it as it was a long cut at night. He remained with the ranchmen all night, and in the morning went on, evidently with the intention of getting into the ditch almost anywhere.

But Kvale was late, failed to get home as soon as he could and started out. The sheriff's posse is satisfied now that some tramp probably struck a hole and Kvale was thrown out with the [illegible] trembling. It is believed that the horse then ran away.

The sheriff's posse is also convinced that Kvale crawled down to the edge of the ditch and took off his shoes for the purpose of bathing his swollen limbs and clear his head, and then pitched forward into the water and was drowned. Later the horse ran into the ditch and the body was washed about 100 yards down the stream.

The funeral of N. J. Kvale who was found dead last Wednesday, will not take place until Monday pending awaiting the arrival of distant members of the family. The [illegible] in charge of Boyle & Son.

Y. M. C. A. Notes

The training class of the Y. M. C. A. will be opened this evening for the season. The offices have been repaired and fixed up until they are now [illegible] than they have been for years. The Wednesday night meetings will be resumed and the bells all evening.

On September 20, a tournament for association members only will be held. The tournament will be limited to 16 contestants and those captured by [illegible] will be entered at once. A string [illegible] will be given the winner.

The boys' electrical club will start this evening with Mr. M. S. Ford as instructor. The club will consist of 20 boys, membership will be limited to ten boys. Practical electricity will be taught.

Tomorrow evening at 7:30 o'clock the members of the boys' department will leave the association for the purpose of exploring "Seven Mile Cave" in Williams canon. Members and boys of their friends are invited to join the party.

DE WITT PARK SEWER

Force of Men Will Be Put to Work on New Line This Morning — Work Delayed on High Line Reservoir.

Contractor Morrison will put a force of men to work this morning on the De Witt park sewer line. The work will start at the corner of Cheyenne and Monument creek and will go north 2,000 feet and east 600 feet.

The work on the high line reservoir has been delayed because of lack of men and teams. It was expected that the building of the reservoir would be completed before this, but the lack of men and teams makes it a question of probably a week yet.

The sidewalks around the new city hall have been put in place and are a big improvement. The yard will be put in next week starting this morning.

Personal Mention

A. Wemple has gone to Los Angeles, Cal.

MINNON'S WITCH HAZEL SOAP

Every woman who wishes to improve her complexion, who wishes to have her skin soft as velvet—who would like to have her face free from all skin eruptions and facial blemishes to use my Witch Hazel Soap. I want every mother to use this soap on baby and see how quickly it will relieve the little one of all itches, baby rash and chafing. Mother-like, I remain, MINNON.

If you wish your skin to glow with youthful freshness keep your digestion in good condition by using Minnon's Pan-Pan Tonic. It works wonders—it soothes either as a food or new Pan-Pan will enable you to eat what you like. All you like and when you like, this makes your rich blood, white globes, brilliant and [illegible] Minnon's Witch Hazel Soap, [illegible] and [illegible] If you are constipated or [illegible] Minnon's Pan-Pan Laxative Pills.

MADE VIOLIN FAIRLY SOB

Old Stradivarius Brings Out Tender Feeling

IN HANDS OF AN ARTIST

[illegible] AT THE OPERA HOUSE.

Mr. Perzinger kindly made his old Stradivarius speak and laugh at will last evening at the Opera house. After the first number, which always allows the audience to feel the pulse of its musical mood, Mr. Perzinger found his friends as true and sympathetic as ever, and they were not at all backward in showing it.

Judging from his selections, Mr. Perzinger's taste seems to run to those pieces which lend themselves to a wealth of tender feeling. His low notes are especially wonderful for [illegible]

The work was ably supported by his friend, Mr. Otto Tiedke, at the grand piano, and Mr. James Graham McKay, baritone.

Mr. Tiedke has the double distinction of being a really fine accompanist and also an accomplished soloist. He played Nevin's "Rosary" with [illegible] and delicacy, and the audience was delighted with Mr. Perzinger and Mr. Tiedke play with great technique and [illegible]

Mr. McKay, the baritone soloist, unfortunately has a cold, and was not in voice to do his an old friend which we delight to meet, but all of his strength and fire were ignored in Mr. McKay's rendering of it. The last lines, "My life, is death, I love you," so full of a genuine warmth and feeling, were simply [illegible] and [illegible] of the composition. This is indeed unfortunate for Mr. McKay, for he has a naturally great, [illegible] voice of which he ought to be proud.

The very charming and comprehensive program is appended:

TOPOPAH GOLD FIELDS

GOT DRUNK ON A GOLD BRICK

Youth Takes Advantage of Father's Absence.

BY PAWNING TREASURE

A. B. GAFFORD GETS DAY AND COMES TO CHIEF—POLICE ARE HOLDING HIM UNTIL THAT NEAR FROM DR. J. A. GAFFORD

A. B. Gafford, a youth, is in jail [illegible] charged with [illegible] his father, Dr. J. A. Gafford, of [illegible] street.

The youth, it is said, took advantage of his father's absence and went to the house, 1415 North Weber street, and got the gold brick which he pawned for $10.

Gafford was arrested for drunkenness but it was later discovered that he had taken a gold brick from his father's house and pawned it for the purpose of getting the money to buy the liquor.

[illegible] learned of the police yesterday and [illegible] Dr. Gafford, the youth's father, [illegible] on a charge of grand larceny, but [illegible] on his promise to make restitution.

The gold brick was given Dr. Gafford by a mining man, who is a friend of the family. It was a souvenir presented which Dr. Gafford values above its intrinsic worth.

FRIENDS CAME TO MEXICAN'S RESCUE

SHERIFF GARCIA INTERCEDES FOR RUBEN LEMMON AND IS ALLOWED TO TAKE PRISONER TO CONEJOS COUNTY.

Ruben Lemmon, the Mexican who was accused of trying to pass a worthless check on R. G. Stebbins some time ago, is now [illegible] in the hands of friends from Conejos county.

Sheriff Garcia of that county was in the city yesterday to [illegible] that the charge against Lemmon is [illegible]. District Attorney Trowbridge has decided that Lemmon is more guilty of [illegible] than of criminal intent, so Sheriff Garcia was allowed to take the prisoner home last night.

Only Did His Duty as He Saw It.

[illegible] dealer for Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. Wiley Park, the well-known merchant and [illegible] at Wiley, Ky. "I have been selling it for three or four years, and it gives complete satisfaction. Several of my customers tell me they would not be without it for anything. Very often, to my knowledge, one single dose has cured a severe attack of diarrhoea, and I positively know that it will cure the worst case of dysentery. You are at liberty to use this testimonial as you please. For sale by all leading druggists.

NEW CHURCH MOVEMENT WAS INAUGURATED LAST NIGHT

Sunday School Workers Pass Resolution Urging All Denominations to Engage in House to House Visitation.

It was a large and enthusiastic meeting of the teachers, pastors, superintendents and workers of the Sunday schools of this city, Colorado City and Manitou that was held last night in the Y. M. C. A. parlors. The two large rooms were filled to the doors with the earnest Christian workers of the three cities.

G. B. Lauterman presided. The devotional exercises were conducted by Rev. J. J. Helzer, Rev. John C. Carman, of Denver, addressed the meeting, outlining the methods followed in the house-to-house visitation which is to be inaugurated in this city in the near future. His splendid address made a deep impression and immediately afterwards the following resolutions were passed:

"Resolved, That it is the sense of this meeting of pastors and church workers in conference assembled, that the churches of Colorado Springs, Colorado City and Manitou should enter upon a campaign of house-to-house visitation.

"We ask that this resolution shall be officially passed by the ministers' conference and the superintendents' meeting, if passed favorably by these bodies, shall be presented and passed upon by the churches of the cities named.

"That the churches having voted for the movement shall each appoint one representative on a central committee which shall be called together by the president of the County Sunday School association and which shall organize and conduct this campaign of visitation with the co-operation of the county and state Sunday school associations."

A resolution was also passed asking Dr. Carman to take charge of the house-to-house visitations, which will probably begin the latter part of November.

ATTRACTIVE IMPROVEMENTS FOR A MANITOU CHURCH

The improvements on the Manitou Catholic church, commenced yesterday, will transform that already pretty little edifice into one of the most delightful spots in this part of the [illegible]

[illegible] grounds, but it was found the present building would be inconsistent with elaborately decorated grounds, so it was finally decided to begin on the building proper. When complete it will present a strictly Gothic appearance, gray lichgeons rock to be used in the outward [illegible] it the appearance of massiveness and solidity.

Following the same design will be the walls which inclose the grounds, which will be made [illegible] and in their [illegible] The walk will be trailed and terraced and thrown across the little stream will be a rustic bridge. The whole will be somewhat similar to Glen Eyrie.

Beneath the tall pines which stand on the eastern corner of this property, is a large gray rock on which will be [illegible] rustic grotto, in memory of his mother. On the interior the present altar will [illegible] likely removed.

The improvements are being rapidly pushed.

BISHOP GRANT IS ATTENDING COLORED CHURCH CONFERENCE

Much interest is being shown by colored residents in Colorado Springs in the A. M. E. conference, which is now in session at Payne's M. E. church, this city.

Reports presented at yesterday's meetings show the church to be in a flourishing condition, and during the four years as pastor of Payne's chapel, Rev. A. A. Berniken has made a splendid record. In that time he has doubled the membership and has collected for charity and benevolent purposes nearly $400. The total amount raised by him is $3,500 and a long standing indebtedness against the church has been paid off through the efforts of [illegible] and his congregation.

A reception was tendered last evening to Bishop Abraham Grant, of Indianapolis, who is in charge of the fifth episcopal district. This territory covers a majority of the western states.

Bishop Grant, who is making an official tour to visit the churches under his charge, is one of the ablest men of the colored race. He was born a slave and lived as a slave until the days of Lincoln's emancipation proclamation. He acquired education by his own efforts and is a most eloquent platform speaker. He says he has visited every president in the United States since the days of President Hayes in the interests of his people.

Bishop Grant has charge of the churches in Missouri, Kansas, Nebraska, Colorado, Montana, Utah, Washington and Oregon, a jurisdiction which covers over 300 churches.

CADET BATTALION PLANS TO LARGELY INCREASE MEMBERSHIP

The Colorado Springs High school cadet battalion was reorganized for the year, at a meeting after school yesterday afternoon, and will hold its first drill this afternoon with 61 boys. The meeting was presided over by Major Stanton Kirkwood, Judge William Robinson, who has been the steadfast friend of the battalion for years, was present and made a strong speech, urging the boys of the school to join the cadet corps, and pointing out the advantages of that organization in the school life.

Principal J. H. Richards followed Judge Robinson and told the boys that he would take an active interest in the cadets and would help them out in every possible way. He told them why the entire school of boys should wear the uniform of the High school cadet and that the battalion should be a large one this year. Alva Henderson, captain of Company E last year, also made a short talk to the boys.

The officers and members will prosecute a vigorous campaign to secure an enrollment of over a hundred and to make the following year one of the most successful in the history of the battalion. Principal Richards has had experience in military tactics at the University of Wisconsin, and has been in charge of military schools a number of years, and it is expected that under his instruction the High school battalion will reach a high stage of perfection.

PASSED AWAY IN HIS CUPS

WELL KNOWN CHARACTER OF COLORADO CITY EXPIRES WITH LAST DRINK OF RUM IN A SALOON CHAIR.

James Smith, an old soldier, died while sitting in a chair in the Office Club saloon, at Colorado City, about noon yesterday.

Smith was a well known character. He frequented saloons much of the time and did odd jobs of carpenter work sufficient to get drinks of which he took [illegible] He was sitting in the saloon with some other persons yesterday morning and [illegible] and fell to the floor. [illegible] and [illegible] Another drink was called for, but the man looked closely at him and discovered that he was dead.

The undertaker and coroner were notified but the latter decided that an inquest is unnecessary. Accordingly [illegible]

Smith had served in the regular army. He had lived in the vicinity close to 10 years. So far as known he has no relatives.

10c Copy
Subscription Rate 80c year

We have been studying the pattern business for some six months investigating the merits and demerits of various makes of patterns.

After a thorough investigation we came to the conclusion that Standard Patterns were the best but felt that 20c was too high a maximum price.

Now, however, since the prices have been reduced to 10c and 15c per copy, Standard Patterns the best popular priced pattern on the market. Standard Patterns were formerly sold in this city by the Johnson-Wilbur Co., and from what we have been able to learn from persons who have used Standard Patterns, they gave universal satisfaction.

THE SUBSCRIPTION PRICE OF THE DESIGNER, "THE LEADING FASHION MAGAZINE," IS NOW ONLY 80c YEAR.

THE GAZETTE is the only Colorado Springs newspaper which maintains regular leased correspondents in the great Cripple Creek gold district. Exclusive news every day in the week.

HIGH GRADE FOUND AT GREAT DEPTH

Large Quantity of Sylvanite in Three Foot Vein Below the 1,500 Foot Level in the American Eagles Claim.

Special to the Gazette.

Cripple Creek, Sept. 15.—The Stratton Cripple Creek Mining and Development company, operating the American Eagles claim on Bull hill have opened up a large body of high grade ore in the bottom of the shaft which is now at a point 40 feet below the 1,500-foot level. The ore is being broken for a width of twenty-three feet.

The ore shows sylvanite in such large quantities that every one connected with it is well satisfied that it will prove to be an enormous thing. It also proves the fact that better ore will be obtained at greater depth. This is probably the deepest shaft in the district that has large quantities of ore at the lowest point.

TO DEVELOP THE CRESSON

LESSEES NOW HAVE LARGE PLANT OF MACHINERY AND WILL PUSH WORK ON AN EXTENSIVE SCALE.

Special to the Gazette.

Cripple Creek, Sept. 15.—The large plant that was in operation on block 7 of the Cameron second section was removed today to the Cresson property on Bull hill which property is being operated by the Gold Hill Mining and Development company.

The owners of the Cresson started some time ago to sink the shaft an additional 100 feet, it then being at a point 300 feet from surface. This work has been pushed with such vigor by the company that they expect to reach the 400-foot point the first of next week.

The Cresson property has produced some fine ore which was found in the 200-foot level and the 300-foot level and the drifts on the shaft at a distance of 200 feet below this point gives the company a chance to go further and stope out the ore. Drifts have also been driven every hundred feet, enabling them to work on ore at three different points if they come in. The plant of machinery installed now includes a 6-drill air compressor, which has greatly increased the capacity of development on the property. The new plant of machinery will be housed in a two-story steel and corrugated iron structure. From this lessees expect great things.

The ore is very rich, frequently running into the thousands. It is reached from the shaft in the Cameron second section, which is connected with the Cresson by a cross-cut. The ore is of a very peculiar character, and very different from that found in the Cameron. The vein is of good size and very uniform.

Lessees now have a large force of men employed and are pushing work with all possible speed in order to make the property a producer at the earliest possible moment.

with any of its imitations. Note the difference. See how smooth and appetizing our product is, owing to its heavy consistency, which keeps the butter fat equally distributed, in contrast with the cheap and thin imitations which allow the butter fat to rise and form unsightly clots.

GREAT RECORD OF THE W. P. H.

LESSEES INCREASING OUTPUT AND EXPECT TO SEND OUT $60,000 WORTH OR ORE THIS MONTH.

Special to the Gazette.

Cripple Creek, Sept. 15.—Lessees Harper and Associates operating a lease on the W. P. H. property on Ironclad hill are pushing work with all possible speed in order to make the property a producer at the earliest possible moment.

The lessees expect to send out in the neighborhood of 1500 tons during the present month which will return values of $40 to the ton or better.

While no statement concerning tonnage has been made public recently it is generally understood that the lessees have been removing in the neighborhood of $50,000 worth of ore per month, and it is expected by the lessees now that they will have shipped $1,000,000 worth of ore by the end of the current year which also comprises about a year of retraction.

The two new veins recently opened are entirely new in that section of the country and it guarantees the lessees good ore for some time to come.

INCREASED TONNAGE.

TELLURIDE VAULT M.

Special to the Gazette.

Cripple Creek, Sept. 15.—Lessees Parker and Associates operating a lease on the Work M. of the Gold Coin Consolidated recently located on the east slope of Beacon hill, have resumed operations after an temporary shutdown.

The lessees, Parker operating blocks 7, 8 and 16, are pushing work for 150 feet north of the shaft at a depth of 300 feet from surface, where they encountered a vein measuring from two to three feet which will return values of two ounces to the ton. From now on the lessees claim this property will be materially increased.

TROUT DISTRICT.

VAULT A GOOD VEIN

Special to the Gazette.

Cripple Creek, Sept. 15.—The initial shipment was sent out today from the Eagles lease on the Mary Ann property on Raven hill. While facts are not at hand, it is understood that the lessees have opened up a very promising looking vein.

STEADY CLOSE FOR STOCKS

ACTIVE TRANSACTIONS AND A MIXED MOVEMENT OF PRICES WITHOUT ANY PARTICULAR NEWS TO ACCOUNT FOR IT.

New York, Sept. 15.—It is difficult to apply any news that came to hand today as a matter for the active operations which again distinguished the trading at the stock exchange and for the mixed movement of prices. The market started upward with a comprehensive sweep that suggested a continuation of yesterday's movement but it became spotty and irregular again in the later trading. The profit-taking was so general as to suggest again the purpose of support in the marking up of picked stocks here and there in the list. The advances were not calculated to inspire confidence and added to the suspicion of a factitious nature for some of the movements. The continued advance of Pennsylvania and the United States Steel stocks was the most influential factor in shaping sentiment on the general market and was fairly effective in supporting the level of prices in the face of profit-taking in some of the stocks which have made previous striking advances. Aside from reports of a growing expansion in the needs of [illegible] there was no news developing either property unless it was the denial of a report current [illegible] of the placing of [illegible] 100,000 tons of steel rails for the Harriman railroads.

The marking up of the call loan rate to 2 per cent, evidently foreshadowed further shrinkage in the bank statement and was an influence in the [illegible] weakness of the stock market.

WHEAT AGAIN TURNS UPWARD

SNOW IN CANADIAN NORTHWEST AND REPORTED DECREASE IN THE RUSSIAN CROP WERE CONSPICUOUS FEATURES

Chicago, Sept. 15.—Snow in the Canadian Northwest and a reported decrease in the total Russian crop were conspicuous causes today in turning the [illegible] upward. [illegible] December option showed a gain of [illegible] cents. Corn is down ⅛. Oats are off ⅛. Provisions are steady.

[illegible] the outset sentiment in the wheat pit was weak, largely in sympathy with the sharp break in corn prices, the most conspicuous of predicted heavy [illegible] influence affecting the weakness was possibly traceable to the [illegible] by two of the [illegible] field about 50,000,000 bushels, a [illegible] amount considerably larger than several previous private crop estimates.

Before the end of the first half hour all of the opening loss had been regained. Then time trading was nothing to speak of at fairly steady prices. Later in the day there were advices from Winnipeg claiming poor threshing returns, and [illegible] official report from Russia indicating a [illegible] of spring wheat 30 per cent lighter than the one of last year. Wintry weather in the extreme northwest was a decisive additional bull influence. On the improved demand prices rose rapidly.

The [illegible] reports late in the day, [illegible] Argentine news, brought [illegible] considerable selling which resulted in a moderate reaction. The close was [illegible] with December at 69⅝@69¾. May [illegible] at 71¾@71⅞, a gain of ⅛ compared with last night's final figures.

The leading futures ranged as follows:

No. 2 Wheat—	Open.	High.	Low.	Close.

KING OF ALL BOTTLED BEERS ABC

How to Judge Beer

PURITY

Bottled beers, as well as food products, are often treated with chemical preservatives, etc., which for awhile keep them from souring, but are injurious to the stomach. A. B. C. Beer is guaranteed to be [illegible] and free from any [illegible] whatever. It is never exposed to the air (which is [illegible]) but is brewed, [illegible] and aged for eight months in air-tight compartments, then piped in tin-lined pipes direct to the air-tight bottling machines, where it is bottled, sealed, pasteurized and packed for shipment.

A. B. C.

The [illegible] Beer that can be absolutely guaranteed.

WHAT DOES IT MEAN?

The above was copied from an ancient obelisk near Alexandria, Egypt. [illegible] Every man ought to know the meaning of the symptoms of nervous debility.

It is a curse many times when the strength of manhood fails, when overwork or business worries sap all [illegible] when memory wanes, and the very brain begins to decay.

PALMO TABLETS

[illegible] to build the system.

They create [illegible] energy, the manhood, clear, bright brain, and perfect strength.
